

Special Issue of *Methodology and Computing in Applied Probability*
for selected papers of "International Workshop on Applied
Probability 2023"

Guest Editors

George Tsaklidis (tsaklidi@math.auth.gr)

Nikolaos Limnios (nikolaos.limnios@utc.fr)

Markos Koutras (mkoutras@unipi.gr)

Submission deadline: December 15, 2023

Presenters in IWAP2023 are invited to submit a full paper for publication in the topical collection "International Workshop on Applied Probability 2023" of the journal *Methodology and Computing in Applied Probability* (MCAP). The collection will include original manuscripts in areas of applied probability that emphasize methodology and computing. Submitted manuscripts will be peer-reviewed according to MCAP's standards and are expected to offer high impact and inspire further research in the field of Applied Probability. Manuscripts should be based on contributions presented at the 10th International Workshop on Applied Probability which took place in Thessaloniki, Greece, on June 2023.

Manuscript submission

Please prepare your manuscript in accordance with the instructions available at

[Methodology and Computing in Applied Probability | Submission guidelines \(springer.com\)](https://www.springer.com/methodology-and-computing-in-applied-probability/submission-guidelines)

Manuscript should be submitted online at

[Files : Submission : Methodology and Computing in Applied Probability : springer.com \(springernature.com\)](https://www.springer.com/methodology-and-computing-in-applied-probability/submission-guidelines)

When submitting, please make sure that you select the topical collection "International Workshop on Applied Probability 2023" on the "Details" section of the submission page.
